

Figure 1: A stereographic image of the Clifford torus.

This document is MWE-led: the examples are intended to do the explaining.

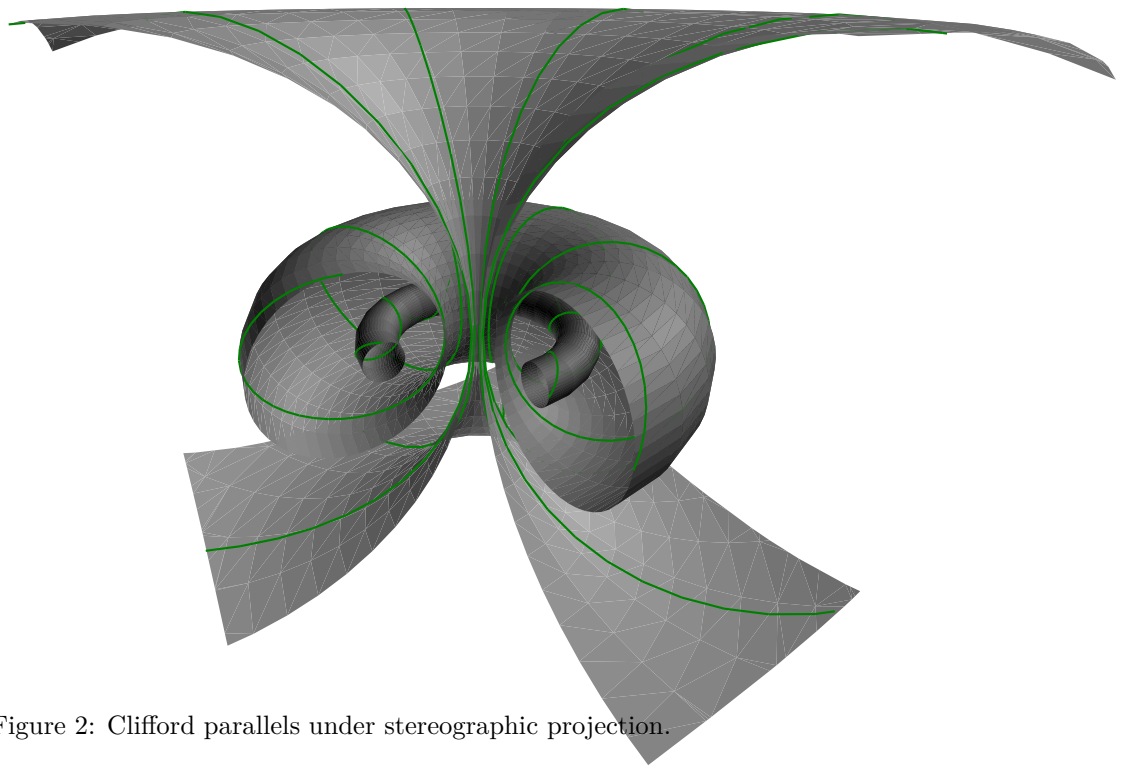

Figure 2: Clifford parallels under stereographic projection.

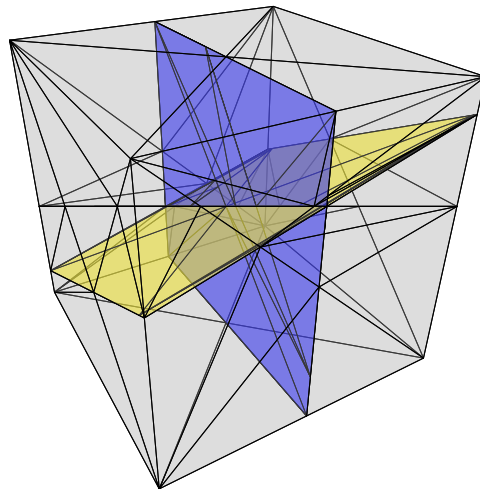

Figure 3: Three intersecting planes clipped by a cube.

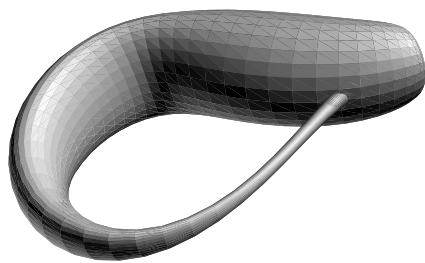

Figure 4: A Klein bottle immersion.

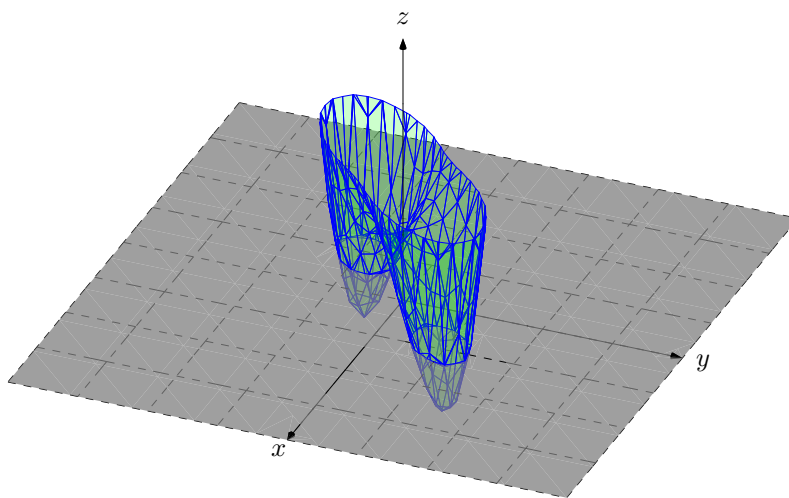

Figure 5: A saddle point and its reference plane.

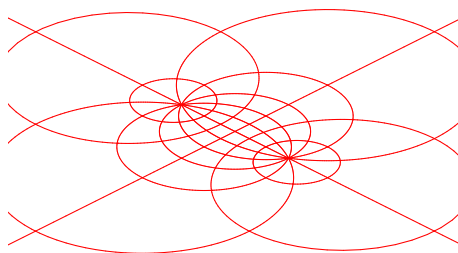

Figure 6: A stereographic coordinate net.

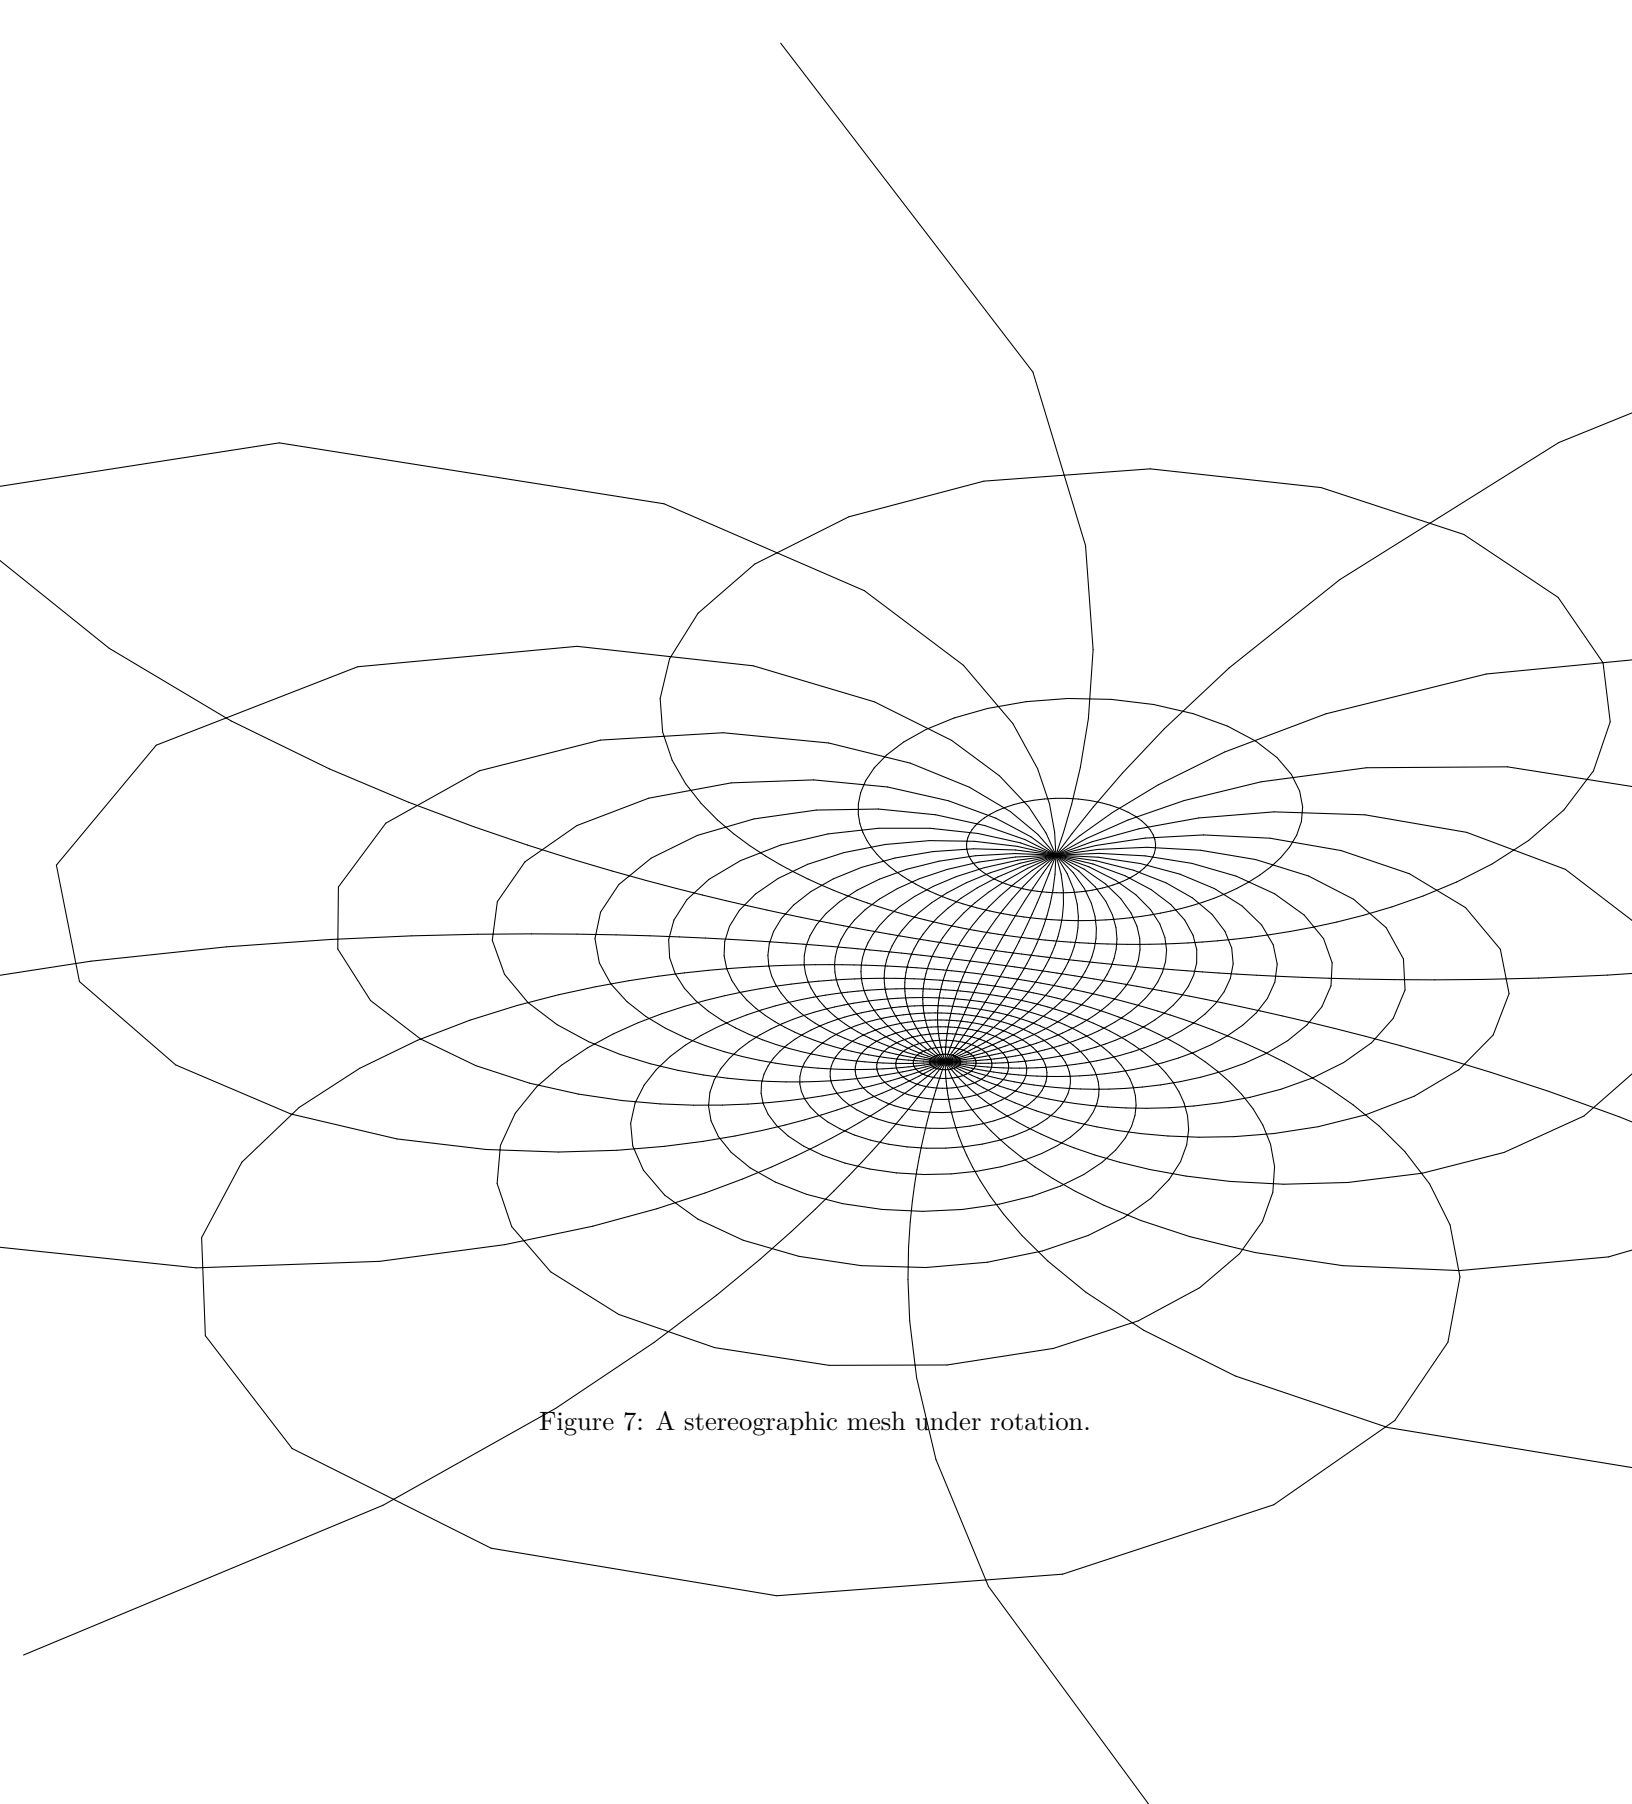

Figure 7: A stereographic mesh under rotation.

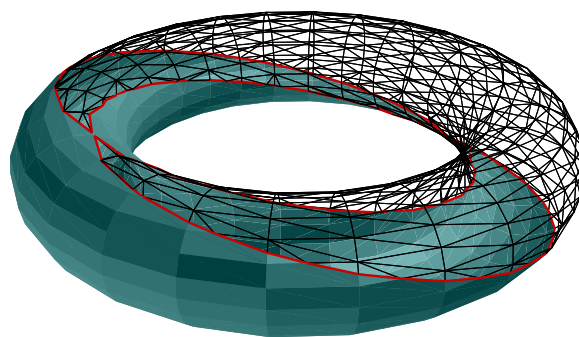

Figure 8: A Villarceau section of a torus.
